

2023 Report on the Research Committee on East Asian Literary History

The year 2022-2023 saw renewed efforts to find funding for the sequence of workshops that will ensure the vitality of this project, as well as efforts to find a publisher who will agree to issue the resulting volumes at a reasonable price. These efforts continue. Repeated rebuffs only confirm the originality and value of the project. It will be completed!

Respectfully submitted,
Haun Saussy, RC Chair
